1. Happy am I—with you moving forth with details and structure—details I describe increasingly and relationships I bring, wisdom I impart, values I imprint, impress indelibly upon you and My teachers and My facilitators of freedom—in My schools of prayer and freedom, freedom and prayer, prayer and consecration, and setting Me fully free, free, fully free to be Me in Mine and My graduates, My students, My teachers, My big ones, My big people, big in My kingdom, big in meekness, big in power, big in destroying the powers of darkness and not-Me, big in de-destituting My people and helping them be free of comparisons and competition within My body, free of envy and strife and copying the world for "what works," free of constricting constrictors who love to propel only themselves, free of miserly givers always trying to get, get, and get more.

2. Oh My kingdom reigns and there is much time to experience My fullness, even in the short time before I come, and I come, I came and I come again in regal power of all power, regalness of all regalness, in only Me, presenting Myself to My Mine—in power and glory and honor and love—.

I do so now Ted, My reader, hearer, student, teacher—.
I do so now—**in you** if you let Me.
I come, I teach, I instruct, and I graduate students and teachers and powerhouses of My power, fueled by Me and meekness in Me—permeated in My love.

Much to do.
Many to bring.
Clean—and many to clean.
Honor—and many to honor.
Much to impart and set free.
Synergy, synergy, oh synergy of Me.

3. Networks—great big networks of big people getting bigger—eating My word and strengthening each other in love—abiding by a value system established by Me, Me, for them—freedom, power, glory, healing, caring, freedom, competition-not, comparison-not, destroying-each-other-not, freeing each other yes, teaching each other yes, caring about each other yes, caressing each other—in My love—yes, in such pureness of heart and love and purity of motive—purity, Me, of Me, My Mine purified, synergized, significanced—because all their confidence is now in Me, in Me, and not them.

4. Oh freedom, oh cataclysmic change, oh inversion of principles held true—head, toe, tip-around-not, much inversion brings truth to convoluted intellectual persuasions.

5. Truth of Me, truth in Me, truth from Me.
So much for so little.

Going after those that I've given them.
Significancing their all.
Beauty for ashes.
Teach My ways, teach My ways—so plain are My ways.

6. Setting free the passions of the holy.
Setting free the passions of the righteous.
Setting free the passions of the ready, the ready, the ready.
To create, correct, and be relationshipped.
To research and development—My library, My quarters, My heart, My all.
And create and confidence and significance all they can.
Reveling in their help of helpmates.
Doing the work of My Father.
Saying the words of My Father.
Being Me to My body.

Oh so much love, so much love, so much love.

7. They will know you are My disciples **because** of your love, your love, your love **through** your actions and values and unity and integrity demonstrated throughout every level and hall of prowess and power and seen and not-seen, freeing all free-able.

8. Oh so much fun, fun, fun Ted, in Me—not all drudgery and rule compliance and mundane. Freedom, freedom, freedom.

9. Go and glow in Argentina and schools expand into My country for Me—My country, My country—not theirs—Mine—and I am releasing My country and have and will so much more so.

10. So much freedom for My freedom-givers.
So much joy for My who-will-receive-from Me.
Oh put their hands in Mine and joyful and abundanced will we be—imparting, valuing, honoring, respecting, meeknessing, in wisdom, wisdom, wisdom.

11. Often, go often—go more—to all I show you.
Write and compel to write. Show your words.
And tears no more, of sadness or confusion—but joy and laughter and relationships—charts and graphs and creativity, friendships, abundance-ized—you and yours—and all I've given you.

12. Glorify Me and be glorified, raising My hands to all.
I come, I call, I confirm, and now today, I joy, I joy, I joy.

13. Enjoy Me and all I've provided.

14. See Me in every face and every conversation and allow Me to speak and be seen through you.

15. Relationship, relationship, relationships.

16. Oh Ted, oh hearer reader ponderer wonderer.
Oh ready to launch.
Oh launchable—let's go, arise, stand up—teach, learn, set free in your freedom quest for experiential freedom in synergy with Me, with Mine, in My great big world, for you, for you, waiting for you.

I thank you, I thank you, I thank you.

17. Me—Me—I am.
Me—Me—I am.
I am—thanks you.

18. Seek Me more.
I await, I call, I confirm.

I love you.
I love you.
I love you so deeply.
Thank you.
